

2 bedroom apartment €980,000

Madrid City, Madrid, Spain

Key features:

- Elevator
- Terrace

Full description:

Located in the highly sought-after area of Salamanca, this flat offers excellent living conditions, a stunning open-plan kitchen and 2 comfortable bedrooms, all of which have been decorated with exquisite taste.

Smokey turquoise, coral and antique gold motifs add a splash of colour and style to the sitting and dining room, which sit alongside each other, although well divided in their own space.

This room enjoys plenty of natural light thanks to the 3 authentic floor to ceiling door/windows that look out over 3 separate balconies.

The open-plan kitchen offers modern fittings and is fully equipped with all appliances such as a fridge/freezer, oven, microwave, washer and a dryer.

The characteristic smokey blue travels throughout the flat, bringing each space together, except the double bedroom with single beds, which has its own separate character, with its aubergine headboards and splashes of mustard yellow bed linen.
