- Garage
- Fireplace
- Jacuzzi bath in the master bedroom

Full description:

The villa, 265 sq.m. sits on a plot of over 2,000 sq.m. overlooking the gulf of Elounda but the views are far reaching because of its unique position on the top of a hill.

The overall design is contemporary and the interior treatments are eclectic. It has one master bedroom with dressing room and jacuzzi bath on the upper level with stunning views to the sea and the mountains. Two further ensuite bedrooms are on the middle level and a self-contained studio on the lower level offers at least two further bedrooms plus a spacious kitchen/living space.

The villa may be sold with its twin creating a larger complex with space for an extended family, total privacy and separate areas for children and adults.
