### **Full description:**

This villa of 215 sq.m. was constructed from a classic blend of sturdy local stone and cool modern materials. The lines are clean and elegant, a minimal effect to match the spare Cretan landscape.

The villa has a loft style ensuite master bedroom with separate dressing area and two further ensuites on the first level. On the middle level there is the main living area with separate kitchen, living and dining areas leading to the terrace, pool and external eating space while on the lower level a self-contained studio offers at least one more bedroom plus spacious kitchen/living space.
