

## 4 bedroom penthouse

### Greece - Rhodes, Rhodes, Dodecanese islands

**Price: €1,600,000**

#### **Business description:**

Penthouse apartments are known for allowing their residents to feel like they are on top of the world. They are usually bright, generously proportioned spaces and this is no exception.

Currently under construction, and in addition to the four bedrooms and five bathrooms, the layout of the apartment foresees for a gym, laundry room, a walk in storage area, a linen cupboard, a formal living area with dining room and every day TV room. Large verandas allow for comfortable outside dining and there is convenient lift access.

Located in the very heart of the city center this is prime real estate for all urbanites out there wishing to re-locate to the very hub of city life and have the added benefit of being just a short walk away from beautiful beaches.
